City News Items

Week's Happenings in Brief

Mrs. A. Murray is at the Capital this week.

"Try a bath at the Antiseptic Barber Shop. Hot water at all hours."

Mrs. Rick, of Lacombe, arrived in the city on Tuesday to visit friends.

Norman D. Jackson, of the Crittendon, was in Calgary during the past week.

Nurse Hart, of Bawlf, has been spending a few days in the city, the guest of Mrs. J. H. Martin.

Miss Heathcote left on Monday for the coast where she will spend a couple of weeks vacation.

V. O. French, left on Wednesday for Lloydminster, where he will continue his Odd Fellows Lodge today.

D. A. Sharpe is in Edmonton this week attending the annual meeting of the Provincial Undertakers' Association.

L. E. Viers, of Red Willow, is in the city this week renewing acquaintances and looking after business interests.

Wilford Forbes, registrar of land titles, Calgary, was in the city the fore part of the week, continuing business and pleasure.

Norman MacBachan has entered the employ of the Imperial Bank of Canada and will succeed J. Backville West, who retires shortly.

H. J. Donnelly, of Calgary, was in the city the fore part of the week on business. He was also shaking hands with his host of friends here.

The crops of small fruits in the district are excellent again this year, particularly raspberries and strawberries and they are all ripening rapidly.

J. M. McQuarrie, of Blair-Neu, was in the city a few days this week looking after his real estate investments. He is one of the best boosters Wetaskiwin has.

D. H. Wilkins, D. D. O. M., for the A. P. A. district, was at Wetaskiwin on Wednesday evening of last week officiating at the consecration of the lodge there.

The examining board which has been reading the examination papers at Wetaskiwin, concluded their duties on Saturday. It is expected that the results will be announced in the latter part of next week.

E. T. Williamson installed this week a number of additional show cases and silent salesmen in his jewelry store. He now has one of the most complete and up-to-date emporiums in the West.

Mr. J. Backville and Miss Hope West intend leaving about the middle of August on an extended trip abroad. They will spend a year in Italy, where Miss West will continue her musical studies, under one of the most eminent professors.

J. Milton Orr has disposed of his farm southeast of the city to J. Neilson, the consideration being over \$100 an acre not including the crop. This farm is about eight miles from the city and there are about 140 acres broken. Mr. Orr expects to spend the winter at the coast.

The attorney will be pleased to know that J. A. Grant arrived in the city this week for the purpose of continuing the work on the drilling of the gas well. He is now having a large derrick erected and he intends proceeding with the work with all possible speed.

Mr. Dugloo returned this week from attending the Winnipeg exhibition. He reports having had a most enjoyable time and claims that the fair was bigger and better than ever. The crop throughout some parts of Manitoba and Saskatchewan were very short and the Dr. now says that he is better satisfied than ever with this district.

The services in the Presbyterian church upon the coming Sabbath will be held at the usual hour 11 o'clock in the morning and at 7:30 in the evening and though at this writing the supply committee are unable to announce the name of the preacher, they are in a position to state that a capable speaker will occupy the pulpit and hereby extend a cordial invitation to all who desire to be present at the services.

E. B. Newton, who had a most successful sale of his household furniture on Saturday last, left with his family, for Calgary on Wednesday where he will reside at least for a time in the hope that his health, which has not been good for some time will be improved. The family has a host of friends in town and vicinity, who sincerely regret to see them leaving, but who all join in wishing Mr. Newton better health in the higher altitude.

The two men, A. L. Greenberg and Byron Winters, who were wanted on the charge of highway robbery, were captured this morning, last, by Corp. Bailey and Const. Meyer and R. M. Angus, near Anker. They were brought to the city in Angus' automobile and lodged in the cells at the city hall. On Monday they were given their preliminary trial before E. Roberts J.P. The former was set up for trial and the latter was remanded until Tuesday next. They were both taken to the Fort on Monday night.

"The baths are on in full blast at the Antiseptic Barber Shop."

J. W. McKinley was in Edmonton this week on business.

W. T. Ruttle, of Calgary was spending the week-end in the city with friends.

Mr. and Mrs. F. L. Talbot spent the week-end at Gull Lake with friends.

Chas. Howell and Frank Bragdon, attended the races at Lacombe on Tuesday last.

Attention is called to the menu of the Prince of Wales Sunday dinner on the back page.

"Get your barber work, a bath and a shine at the Antiseptic Barber Shop," Driscoll block.

W. J. Loggie left a few days ago for the coast, where he will spend a couple of weeks vacation.

Miss Plants, of Tofteld, arrived in the city on Monday and is spending a few days with her cousin Miss Faye Dayton.

Mrs. Wm. McCallum and Miss Almee left on Tuesday morning for Kaelo, B. C., where they will spend a month with relatives.

Mrs. 17. L. Hilges, and Helen, were visiting friends at Dayland during the past week, returning home on Monday morning.

Leona Mallett is carrying his arm in a sling these days. A successful operation performed on his side a few days ago is the cause.

Mr. and Mrs. Jas. MacBachan, of Edmonton, who have been visiting the latter's parents Mr. and Mrs. D. McPhail, returned home on Monday.

Ed. McLaughlin, of Calgary, was in the city this week renewing acquaintances and friends, as well as looking after business interests.

E. T. Williamson, who has purchased a handsome residence from E. E. Newton, on Rosehill street, is moving his household effects this week to his new home.

Mrs. Geo. McManna expects to leave next week for Portage in Prairie, where she will spend several weeks visiting her old home and renewing old acquaintances.

That alfalfa can be successfully grown in the Wetaskiwin district is being demonstrated again this year by August Gies, who has some excellent fields on his farm near the city.

A meeting to consider as to appealing against the assessments made by the assessor for the years 1910 will be held in the city hall, Wetaskiwin on Thursday August 4th, at 8 p. m.

E. Roberts city clerk, has been appointed Justice of the Peace. He is one of the best men available for the position and the department is to be commended for their appointment in this instance.

Mrs. Goldsmith, of Edmonton, who has been visiting at the home of Mr. and Mrs. Martin for several days, returned home on Monday. She was accompanied by Mrs. Martin, who will spend the week at the Capital.

Don't forget the lecture here on Saturday evening of this week under the auspices of the National Lecture Bureau of the M. W. A. A. G. Hilaria, the society's representative in the province will be the principal speaker.

The concert given on Friday evening of last week, by the Wetaskiwin Citizens' Band was greatly enjoyed by the large number who were within hearing distance as well as those who were not. Those who attended, Wetaskiwin has the best band in her history and one of the best in the province. The boys studied an arrangement at the picnic at Ponoka on Tuesday and their services are now in great demand. We may well feel proud of this musical organization, which is doing so much these days to keep the name of the city before the public.

The Prince of Wales Hotel management are well pleased with the patronage of the citizens of Wetaskiwin at their special Sunday dinners. Everybody who has had the pleasure of taking of this dinner pronounces it the best ever put on in the city and hope that it will be maintained permanently. The public are cordially invited to continue their patronage and those who have not given it, a trial are invited to read the menu on the back page and then come and be convinced that this dinner is the best obtainable in Alberta. Do not bother with the worry and work of preparing Sunday dinner, but go to the Prince of Wales and take your place at the table. The dining tables reserved will kindly notify management on soon as possible.

CHALLENGE

The Crittendon Hotel Baseball team hereby challenge any other baseball team in the city to a game at any time and at any place. Send challenge to hotel.

PORT-ON VHS EAST, SIDE ON July 15th, and the latter was remanded until Tuesday next. They were both taken to the Fort on Monday night.

Slaughter of Prices on Doll Carriages

We have a number of Doll Carriages that have become slightly damaged and we are going to cut the price on these in such a manner that we will clean out the lot in short order. The damage to these Carriages is so small that you will almost fail to see it, but the prices we are selling them at is smaller still. See our window full

SAVED FROM THE KNIFE

Appendicitis Cured By "Fruit-a-lives"

NEWBURGH, Ont., Feb. 12th, 1910.
'Just about a year ago, our daughter Ella, (fourteen years), was taken with terrible pains in the right side. The pain was so severe that we had to carry her to bed. We at once put her under the care of a first-class doctor, who pronounced it a case of Appendicitis and advised an operation.

We took her to a hospital in Kingston where she was again examined by an eminent specialist. He said she had Appendicitis and must be operated on at once if we wanted to save her life. As we had taken her to Kingston to have this done, we were ready, but our daughter was afraid and cried and begged so pitifully that we postponed it for that day. Luckily for us and for her an uncle came in with some 'Fruit-a-lives' and insisted on Ella taking them. Good results were apparent almost from the first dose, and the continuous treatment cured her.

'Fruit-a-lives' saved our daughter from the surgeon's knife and to-day she is enjoying the best of health. J. W. FOX, (Father), LILLIAN FOX, (Mother). Words cannot express the gratitude of Mr. and Mrs. Fox. And Miss Ella will always remember 'Fruit-a-lives'—the discovery of an eminent physician, and the only medicine in the world made of fruit. See a box, 6 for \$2.50, or ten boxes, \$20. At dealers, or sent, postpaid, on receipt of price by Fruit-a-lives Limited, Ottawa.

News Items

The Alberta Funeral Directors are holding their annual convention at Edmonton this week.

The Hudson's Bay Company is said to still own five and a half million acres of land in the Dominion.

An order has been issued by the Dominion commission directing the Canadian Pacific railway to revise and re-issue special tariff rates on coke and coal from all shipping points at Lethbridge, Crow's Nest and Cranbrook sections, westerly.

In Dakota they are already plowing up their crops, which, at the best cannot be more than about one third of what they usually are. In addition to the drought grasshoppers are becoming very troublesome and may take a good deal of what is left.

An amended time card of the Grand Trunk Pacific was issued on Monday. It provides for a bi-weekly train service between Edmonton and Egan. Trains are to leave Edmonton on Mondays and Fridays, returning on the following days. The rails will be laid into Edmonton this week according to officials.

The government has approved the application of the Grand Trunk Pacific for a subsidey on a drydock of the second class at Prince Rupert. The company will build a dock costing \$1,200,000 able to handle vessels of 30,000 tons. The marine department will establish a depot at Prince Rupert, at an expenditure of \$100,000.

Calgary, July 12.—The new college to be started by the Methodist church in Calgary will be ready to receive classes next September, and a staff of professors and teachers will be engaged at the earliest possible moment. Pending the erection of the proposed college building, the classes will be held in Dr. Blow's new block on Eighth avenue, rent and heat free of cost.

Those who farmed well last year and this are being well repaid for the extra work done. For where land was well worked and reaped the crops are good. It will be hard to compute what we have lost this year by careless farming. It will, however, be a good lesson to us and in the future we shall know better what to do and how to do it and that a crop hurriedly put in is too much of a gamble.

The Dominion census is to be taken on June 1st next. In 1901 the date was April 1st. Two months brings about a considerable growth in this part of the country and should help Alberta to round the 400,000 mark at which it has been aiming. With the movement from the dry belt which we may look for this fall and next spring, that figure should be easy of attainment.

Macleod, Alta., July 23.—The Liberals of the Macleod riding today nominated R. H. Munzell as the party candidate for the vacancy caused by the death of the late Colin George. He will contest the constituency against R. Patterson, the farmers' candidate. Mr. Munzell is a prominent rancher and was chosen by acclamation.

The new steamer, Princess Adelaide for the C.P.R. Vancouver-Seattle service, has been launched. She has accommodation for 1100 passengers.

William J. White, inspector of the Canadian immigration agencies in the United States, says that 150,000 Americans will cross over into Western Canada this season, according to a reliable estimate.

It is estimated that 100,000 bushels of wheat will be shipped from Grannum district this year, which is about one fifth of the usual quantity.

A fatality occurred in Strathcona on Saturday night about 9.30 o'clock, when the four year old son of Charles McCarell was run over by a street car passing in front of his home on Whyte avenue, between First and Second Streets, west, with the result that both his legs were severely broken above the knees, the injuries resulting in death about three hours after the accident happened.

About 200 veterans' land agents have been cancelled by the department of Lands and Mines of Ontario, out of 12,000 locals. Many of these were those which were sold to speculators and many more are awaiting the blue pencil of the department. Those who purchased veterans' claims did not purchase the rights of the veterans, and wherever the duties have been evaded by the purchasers the government proposes to cancel the claim.

The coroners jury which was held to inquire into the cause of the Montreal Herald building disaster brought in a verdict holding no one responsible for the collapse of the water tank and the serious conflagration which caused the loss of 34 lives and the injury of some 20 others. The Montreal city council at a meeting last Wednesday voted the sum of \$10,000 in aid of the bereaved families.

The great forage crop, alfalfa, is receiving a lot of attention and it is now practically certain that it can be grown successfully anywhere in Alberta. Some experiments have been conducted on the percentage of certain varieties of seed that are destroyed by frost and one variety that has been introduced from Siberia is said to resist frost that would freeze ordinary alfalfa. Next to it came Turkestan alfalfa, with but a very small percentage of that winter killed. This means a great deal to stock growers and dairy farmers and may give a great impetus to the latter industry.

There has been a slump in the live stock market, probably owing to the fact that much live stock, on account of the drought in many places, is being rushed to market. This, however, will have a far greater tendency to raise the price later far higher than before as stock will be scarce and it will take still longer to get live stock back to its normal level. We may look for higher prices for live stock later and which will come to stay for some time. All those who can hold on to good young cattle would be wise to do so for they will benefit in the long run.

Alberta farmers are all very much interested in the proposed Hudson's Bay Railway that will open up new markets, and reduce cost of transport to the European market, and it looks as if the government were going to push it through. A contract has been let for one big bridge over the Saskatchewan that was quite an obstacle and there are signs that though the C.N.R. are first in the field the Grand Trunk and C.P.R. are going to chase them up. There must be something tangible in the scheme or three companies would not be likely to show any enthusiasm over it. It is to be hoped that the government will control and organize their line when it is built and not hand it over to any private corporation.

TEMPERANCE COLUMN
—Edited by—
W. C. T. U.
GOING AHEAD

Day by day still come the reports new areas of territory brought under the operation of prohibition law. Day after day come to hand encouraging items of information concerning the plan and inaugurating of campaigns against the bar-room evil.

Steadily the temperance cause moves on. More and more it is being recognized as an essential part of church work and social progress. It is practically certain that the bar-room is doomed.

Yet we must not mind the fact that less than 1% of the population in the United States there are far more people living in municipalities from which liquor selling has been excluded. The diminution of the quantity of liquor consumed on this continent is slow, and the record of arrests for drunkenness steadily increases.

It is easy to show by available statistics and reasonable deduction that the regrettable increase in the outcome of the licensing system and take place in localities in which licenses are issued. While the prohibition area is extending, the population under license is increasing; therefore the deplorable results of the latter system must be expected.

This, of course, will change. Prohibition is taking hold of more and more places, and it will not be long before we shall find the population under Local Option, outamberizing, and growing faster than the population under License. Then we may look for a change in the general criminal record, similar to the change experienced in the criminal record of the places that have already undergone the desirable change.

In Great Britain things are different. The Local Option principle is not yet embodied in English liquor legislation. The government has, however, increased largely the duties imposed in intoxicating liquor. In turn, the liquor dealers have raised the price of their commodities. The result is a falling off in drinking, and a corresponding result in drunkenness and crime. All of which goes to show that wise legislation is an effective method of curtailing the liquor evil, and that there is continuous progress being made along the line of restrictive law. We are moving in the right direction and we are moving fairly fast.

MILLET

(From The Packet)

Allen Barnard is in Wetaskiwin hospital undergoing an operation for appendicitis.

Last night the northbound train struck a cow about four miles north of Wetaskiwin and ramed about twenty minutes delay.

Rev. A. H. and Mrs. Day are in town. They leave for Mr. Day's new appointment at Namayo on the Sturgeon next week.

Ira J. Grant has taken the agency for the Magnet cream separator, and has put out three this week. Ira says they are selling like hot cakes.

Three accidents occurred to members of our community on Wednesday: Mr. P. J. Mullen jumped from a run-away while driving from Edmonton to Strathcona and sustained a sprained ankle; Johnny Harvey, while unloading lumber slipped between the car and the wagon, severely injuring his right arm; and Happy Phillips took a header off the drey, his head striking the wheel, rendering him unconscious for half an hour. All these are progressing favorably.

ADWAY & CO.
Sole Agents, 110 York
Apt. 100, 100 York, Montreal

HAS USED DR. FOWLER'S

EXTRACT OF

WILD STRAWBERRY

For Over Seventeen Years
FOR DIARRHOEA, DYSENTERY,
SUMMER COMPLAINT, ETC.

Mrs. Holliday, Box No. 53, Worcester, Ont., writes: "I must say that we have used Dr. Fowler's Extract of Wild Strawberry for over seventeen years, and have found nothing to equal it for all Summer Complaints, Diarrhoea, Dysentery, etc. Our house is never without a bottle of the Extract and I can recommend it to be kept in every home, especially where there are children."

You run absolutely no risk when you buy Dr. Fowler's Extract of Wild Strawberry, as it has been a standard remedy on the market for over sixty-five years.

A few doses have often cured when doctors' prescriptions and other remedies have failed. Its effects are marvellous. It acts like a charm. Relief is almost instantaneous.

We wish to warn the public against being imposed on by unscrupulous dealers who substitute the so-called Strawberry Compounds for "Dr. Fowler's."

Ask for "Dr. Fowler's," and insist on getting it as the cheap imitations may be dangerous to life.

The original is manufactured only by T. M. H. Co., Limited, Toronto, Ont. Price 50c.

BATTLE LAKE

D. C. McLean of Wetaskiwin, was a recent Wetaskiwin visitor.

The boys at Fullerton's camp have been learning to spring, or perhaps they are practising for a "ground pig" contest.

Quite a number of our young people attended the picnic at Palm, on the 16th inst. Between the rain and the effect of too much ball play the boys came home with their clothes dripping slightly.

Joyce Thomas and Jap Bungey, of Wetaskiwin, spent a few days with their parents at the lake lately.

Mr. Dilks, public school teacher at the Big Stone, near Wetaskiwin was enjoying the beauties of Battle Lake recently. He carried away with him as a memento a very finely finished sample of an Indian arrow head which he found on what is known as the "hatchie ground."

T. Marcell and Mr. and Mrs. B. Slaughter, accompanied by Mr. and Mrs. Pierson, of Didsbury came out Sunday to spend a short time on their homesteads.

A. Jones and wife, M. Wenham and M. Tanning have gone west to their homesteads.

J. M. Hammit is showing a very fine sample of timothy grown from the year's seedling. It is about twenty inches high and is so rank and thick that considerable of it has lodged.

Mr. Allan, a young Methodist missionary recently from London England is visiting in this vicinity with an aim of taking up work if he can find a vacant field.

Miss L. M. Schnare, who taught our school for two terms was renewing acquaintances last Saturday and Sunday.

Mr. and Mrs. Papineau lately returned home from the east. Mrs. Papineau had very successful operation performed, for the removal of tumors.

Kenneth Hexcock, who has been holding down a job at Leduc, for the past 2 or 3 months is expected home soon.

Crops generally are looking good but could stand a good shower any time.

Mrs. D. Eastman was very pleasantly surprised a few days ago by a visit from her sister Mrs. Place, whom she had not seen for twenty-five years. Mrs. Place was accompanied by her daughter, Mrs. McGuire and her two children. They are new arrivals in Alberta and are living in Strathcona.

The Canadian Magazine for August is an unusually strong number. Perhaps the feature of most interest is a fine article by Professor W. L. Grant entitled "Godwin Smith at Oxford." Professor Grant has been for some time lecturer on Colonial History at Oxford, and the researches for this article were made on the spot.

There is also a splendid appreciation by Dr. A. H. U. Colquhoun, Deputy Minister of Education for Ontario, of the work and place of Godwin Smith in Canada. These two articles are well illustrated. Professor Archibald MacMechan contributes an interesting account of some early associations in Halifax. Mr. Arthur O. Wheeler, President of Canadian Alpine Club, has a beautifully illustrated article on "Canada's Wonderland." The second act of Arthur Stringer's play "The Blot" is in this number, as well as some fine short stories.

CENSUS OF AGRICULTURE

The next Census of Agriculture will be taken under date of June 1st 1911. The area, product and value of field crops harvested in 1910 will be enumerated for fall wheat, spring wheat, barley, oats, rye, corn for husking, buckwheat, beans, peas, flax, mixed grains, hay and clover, alfalfa or lucerne, corn for forage, other forage crops, turnips, mangolds, sugar beets, other field crops, tobacco, and hops, and grass seed, red clover seed and alfalfa seed will be enumerated for product and value.

Grain and other field crops for the harvest of 1911 will be taken by acre only, as none of these crops will be ripe at the taking of the census. The products of these crops will be gathered later in the year from the reports of correspondents.

Animals and animal products, too under the head of agriculture, will include the number of horses, three years old and over, horses under three years, milch cows, other horned or unhorned, sheep, swine, turkeys, geese, ducks, hens and chickens and fives of bees held or owned by each person at the date of the census on June 1st, 1911.

The number of horses, milch cows, other horned or unhorned, sheep, swine and poultry sold in 1910, will be recorded as well as the wool, milk, home-made butter, home-made cheese, eggs and honey products of the year, and the quantities of milk and cream sent to the factory or sold.

Pure-bred animals registered, or eligible for registration, which are owned at the time of taking the census will be enumerated for horses, cattle, sheep, and swine, but their number will also be counted with all other animals.

"ANNIE LAURIE"

O sweet, and true, and tender
Come to us that old strain
With thoughts of love endearing
That almost throbs with pain.
"Maxwellton's banks are bonnie,
Where 'erly falls the dew;
And 'twas there that Annie Laurie
Gave me her promise true."
I seem to see the greenish close
Around them as they strayed,
That Scottish lad and lassie,
Whom none could make afraid.
I hear the highland river flow,
Low rippling on its way,
And mark the sunset o'er it fall
As fades the closing day.
Among the heather blossoms
The happy lads went;
They did not dream of sorrow then,
They knew not what it meant,
"Her brow is like the snowdrift,
Her throat is like the swan,
Her face, it is the fairest,
That e'er the sun shone on."
"That e'er the sun shone on,
And dark blue is her eye,
And for Bonnie Annie Laurie
I'd lay me down and die."
O happy lover! sing
Your love songs sweet and low.
You never dreamed that from her side
You would be called to go,
You never dreamed that she would be
Aught to you else but true,
As when beside Maxwellton's banks
You wandered 'mid the dew.
O broken-hearted lover,
Who died so long ago,
Your song will ever thrill us
With their melody and note.
O spirit brave and loyal!
For thee we breathe a sigh,
"And for Bonnie Annie Laurie,
I'd lay me down and die."

MAKE HAY WHILE THE SUN SHINES

The problem confronting every farmer and stockman in Alberta this year is that of providing roughage for the coming winter. Hay will not only be high but very high. The timothy crop is light; straw of all kinds with the exception of winter wheat is short. Every market that had to be supplied from Alberta in the past will look to Alberta again this year for feed. Besides this other point which has produced enough to supply their own needs in previous years, or had felt to export will import largely during 1910 and 1911; those sections which have been favored with rain can do much to supply them and it behooves the farmer of those sections to do their utmost to that end and by so doing they will be well paid for their efforts.

Every acre of grass land that can be mowed should be mowed. In driving through the country we see numerous places in which half a day's brushing will enable one to secure a ton or more of hay. There is no kind of farm work that will pay better this year than brushing out those places.

An acre of early sown rye and used as a pasture will easily take the place of a ton of hay during the late fall and spring months and every farmer should sow at least a few acres.

Sickness is usually caused by the accumulation of waste matter and impurities within the body.

Dr. Morse's Indian Root Pills,

enable the bowels, the kidneys, the lungs and the pores of the skin to throw off these impurities. Thus they prevent or cure disease.

25c. a box.

Notice to Creditors

IN THE MATTER OF THE ESTATE OF LOUIS GOLDMAN, late of the Settlement of Sedgewick, in the Province of Alberta, Deceased.

NOTICE IS HEREBY GIVEN that all persons having any claim or demands against the late Louis Goldman, who died on or about the 23rd day of May, 1910, at Sedgewick, in the Province of Alberta, are required on or before the 30th day of August, 1910, to send by post prepaid to THE TRUSTS AND GUARANTEE COMPANY, LIMITED, at Calgary in the Province of Alberta, Administrators of the Estate of the said Louis Goldman, Deceased, or to deliver to the undersigned solicitor for the said Company their names and addresses and full particulars of their claims in writing and a statement of their accounts and the nature of the securities if any held by them and such statement shall be verified by Statutory Declaration of the claimant or his agent.

AND TAKE NOTICE that after the 30th day of August, 1910, the said THE TRUSTS AND GUARANTEE COMPANY, LIMITED, will proceed to distribute the assets of the said Deceased among the persons entitled thereto, having regard only to the claims of which it shall then have had notice, and that the said THE TRUSTS AND GUARANTEE COMPANY, LIMITED, will not be liable for the said assets or any part thereof to any person whose claim it shall not then have received notice.

Dated at Calgary, this 4th day of July, 1910.
THE TRUSTS AND GUARANTEE COMPANY, LIMITED
A. G. ROSS,
Manager.
E. D. H. WILKINS,
Solicitor for the said Company.

PLUMBING

The WATERWORKS & SEWERAGE SYSTEMS will soon be in operation. Are you making and preparation to be to use them. I have a large stock of reliable goods on hand and am prepared to quote you prices for installing a satisfactory plumbing system. Have engaged an expert plumber and can guarantee every job done. Now is the time to get my prices. Do not delay till the rush is on and then wait nearly all summer to get the work done. Act now and get the work under way and be among the first to take advantage of all the modern conveniences.

FOR MEN ONLY

We wish to establish a demand for our High Grade Tailorings in Wetaskiwin and vicinity. We want men who wish to wear the very best in custom-made clothes. We want men to examine the largest and most complete stock of woollens in Western Canada. We want men to be measured and fitted individually by the best and most conscientious of successful tailors.

Free Trip to Edmonton and Return

We offer this to all men from Wetaskiwin and nearby places who will call on us and select from our stock any pattern to be built to their measurement. We are the tailors who destroyed Edmonton's prejudice for Eastern tailoring. We uniform the police, have large custom in military circles, and cater to the most fastidious dressers in the city.

Our Success is in Our Motto.

THE JULY ROD AND GUN

Fascinating is the best description that can be given of the opening article, "Catching on Lake Superior," appearing in the July number of Rod and Gun in Canada, published by W. J. Taylor Ltd., Woodstock, Ont.

The writer and a companion, despite the doleful predictions of their friends, planned and carried out a canoe trip along the shore of Lake Superior and thoroughly enjoyed their holiday. They hugged the shore carefully, except on one occasion when the temptation to make a short cut across a bay proved irresistible. At the end of the experience they shook hands and promised each other not to do it again. This will convey a reader far better than a long description, an idea of their experiences. "Canoe Trips in Temagami" describing the adventures from the experience of several seasons in the region, is a most readable article. Fishing stories from several provinces are timely, while big game hunters are not forgotten and articles on sheep and deer hunting furnish fine reading. Mr. Vance's experiences with muskrats will attract all lovers of wild animals and may tempt some to try their hands at similar work. In addition there are many other articles, everyone appealing to those interested in the sport of outdoor life, and the whole forming a number no sportsman should miss.

THE TAXPAYER

I am the blithe and cheerful skater who always has to pay the freight. I labor in the heat and dirt and wear a faded flannel shirt and eat my dinner from a pail, and pick my molars with a nail and use my whiskers for a brush from off my chin the cornmeal mush. And well dressed sports come up and say: "We're taking, my worthy friend, good day! We run for office and we hope that you will have us to our door, and help elect us on that day when all the voters put up hay. And if we win we'll lift the tax that's burdening the workers' backs. It is our sweetest hope and dream, to fill with mince pie and ice cream and codfish balls and pickled whale the laborer's tin dinner pail. O sturdy toiler vote for us, and we will raise the blindest fuss, and put up forty kinds of rights until we've left you all your rights!" I've listened to this sort of bunce, they've loaded me with fairy junk, year after year, since I was young; what working man has not been stung? I've voted for so many guys who promised they'd help me rise to heights of affluence and ease! Just pass my dinner bucket, please. See what's inside—a naked boy, some liver and a slab of pone.

Walt Mason.

F. BURNS TO DRIVE 3,000 HEAD OF CATTLE NORTH FOR WINTER

J. B. Mercer, of Edmonton has been commissioned by F. Burns, of Calgary who is known as the Western Cattle King, to obtain for him somewhere in the central or northern part of the province a tract of land upon which the cattle king may winter several thousand head of cattle, which are now grazing in the south of the province.

Owing to the unfortunate drought this grazing land in the south is already insufficient for the maintenance of the immense herds which are owned by ranchers in that portion of the province, and the prospect for feed next winter is anything but promising.

Mr. Burns intends to drive at least 3,000 head of cattle north to the Edmonton district where they will be wintered.

Hay is already selling at famine prices in the south, and it is expected that next winter the price will be \$25 or \$30 per ton.

DAYSLAND

(From The Press)

R. V. Campbell and W. B. Campbell shipped a car load of calves and steers to the Griffin company at Edmonton on Tuesday.

Mr. and Mrs. J. A. Berry and children, of Wetaskiwin, have been spending a few days with relatives and friends here and at Strathmore. Grandma Berry of the same place has been visiting here.

B. H. Spink, of the Alberta Pulp and Paper company, was in town the first of the week, and arranged with W. Pullyblank, their former local manager, for the re-opening of their elevator here.

The committee appointed by the General Assembly of the Presbyterian church relative to the location of a site for the establishment of a "Ladies' college in Alberta, will meet in Red Deer on the 26th. Mayor Day, of this place, has offered a free site for the college, but it is now announced that the committee will receive offers from any town, before deciding on the location.

The Daysland Fishing Club was duly organized on Friday evening, at a meeting called to be held in the parlors over the Merchants Bank, which was quite largely attended by those interested. The object of the meeting was to elect officers, frame by-laws and provide for the up-keep of the club house recently erected at Dried Meat Lake. Officers were elected as follows: President W. D. Welke; vice-president, B. H. Carles; secretary, treasurer, R. E. James; trustees, F. S. Wood, J. S. Orr, E. J. Shavi, S. A. Tottahagan, W. A. Cottingham.

DROUGHT KILLING SHEEP

Calgary, July 25.—Two sheep in Montana are dying by the thousands from the drought, and that state will lose heavily through this bad summer said H. H. Kerwin, a large sheep rancher in the Lethbridge district, who is in the city today.

"The sheep industry in Montana is one of the largest industries in that state," he continued, "there being more than eight million sheep within its boundaries. I have just come through there, and there are many kinds of sheep many miles from water, while the country is too dry and bare to move them, while other flocks which are where water is available are being sold at a dollar and a half a head, as there is no grass or hay there to feed them."

LOCAL OPTION FIGHT BEGINS NEXT SPRING

Calgary, July 21.—There will be no local option contests in Alberta this year, but there will be a big local option battle in that district known as No. 3, which extends along the C. & E. railway from Carstairs to Wetaskiwin, westward to the mountains and eastward in some places to the boundary lines, early next spring. This is the campaign outlined by Rev. G. W. Fortune last night. Mr. Fortune is secretary of the temperance and Moral Reform League of Alberta. Mr. Fortune was in the city yesterday returning from the south, where he has been looking over the field.—Albertan.

THE BABY PROTESTS

They are giving the baby a bath. "And George, said the fond mother, "just look at his skin. It is just like velvet."

"Hail!" grumbled George, as he mopped the soap suds from his eyes. "He reminds me more of flannel."

"Because his skin is so red, George?"

"Er—no; because he shrinks from washing."

Suffered from Heart Trouble and Nervousness for Six Years

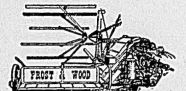

Lost All Desire To Live. WAS FINALLY CURED BY THE USE OF MILLBURN'S HEART AND NERVE PILLS.

Mr. Regis Lavallo, Sorel, Que., writes: "For six years, at least, I suffered from heart trouble and nervousness which took from me all desire to work and even to live. When I found myself in this condition and getting worse I took the medicine the doctor prescribed for me but without any result."

"One evening I was reading the paper when I saw your ad., so I cut it out and the next day went to the druggist and procured a box, and since that time my nervous system has been in perfect condition."

"Be assured, gentlemen, that I will never without Millburn's Heart and Nerve Pills for they gave me strength to work and support my mother, who is an infirm widow and of whom I am the only support."

Millburn's Heart and Nerve Pills are 50c per box, or 3 boxes for \$1.25, at all druggists or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

Frost & Wood No. 3 Binder does Better Work

Because of the Eccentric Sprocket Wheel the No. 3 Binder makes a neater, more tightly compressed bundle and saves considerable time. Discharges the bundle faster, too, than the ordinary binder. Remember, no other binder has the Eccentric Sprocket Wheel. Neither is any other binder so light in draft. At all points where there is a possibility of friction occurring the makers of No. 3 Binder have provided Large Roller Bearings. That's why the Frost & Wood No. 3 runs so smoothly and easily—one reason why it gives so many more years of service. Another reason for its great durability is the strong, powerful construction of the back idler, which we would like to explain to you fully. Drop in at our earliest convenience and talk things over with us. We are confident that the Frost & Wood No. 3 is the binder for you, give us a chance to prove it.

City of Wetaskiwin

All persons who consider themselves aggrieved by the assessments of their property made by the Assessor for the year 1910, are requested to file in the City Hall, Wetaskiwin, on Tuesday, 4th August, 1910, at 3 p.m., to contest as to appealing against the Assessment.

By instructions of certain taxpayers.

M. E. O'Brien.

SUCCESSFUL PICNIC

The Farmers' Picnic, under the auspices of the Wetaskiwin Union of the United Farmers of Alberta, which was held in the picturesque Whittaker's Grove, five miles east of the city on Thursday afternoon last, was a great success in every particular. A good crowd was in attendance and an excellent programme of sports was presented. Mr. E. J. Pream, provincial secretary of the society was in attendance and delivered an excellent address on the good work the different unions are doing throughout the province. Each number on the program of sports which consisted of baseball, tug-of-war, horse races and athletic events, was keenly contested and afforded much interest and amusement to the spectators.

A very interesting game of ball was played by the Saskatoon and Wetaskiwin teams. The score being 13-6 in favor of the latter and last but not least was the lowery dance which attracted a great many of the young people who tripped the light fantastic until the wee small hours. Good music was furnished by the Niemann Brothers on the violin, Johnson on the organ and Malmouth with the cornet.

There was an abundance of good things to eat, as the ladies who had this matter in hand, brought well-filled baskets, and there was enough and to spare. This was one of the most enjoyable outings ever held in the district, and those who were in attendance will be pleased to know that it is the intention of the Union to make this an annual event.

THE BAPTIST CHURCH

Next Sunday morning and evening the pastor will conclude the two series of sermons which have been continuing for seven weeks past. The morning subject is "A Fight with Strange Weapons," and the evening subject "Man's Depest Need." The accompanying mixed quartette will sing "I Lift My Heart to Thee, Savior Divine," at the morning service.

BUCHANAN, N-HUBBERT-In Wetaskiwin, on Tuesday, July 26th, James B. Buchanan, of Edmonton, to Miss Helena Hubbert, of Brightview, by the Rev. C. T. Holman, M. A.

NOTE OF WARNING

It will come as a great surprise to the residents of this district to hear that the potato bug has reached Mr. Peterson's place. He claims that he accidentally ran across a patch in his potato garden last week that was partly eaten by this pest. Needless to say he lost no time in gathering in the bugs and destroying them. He has been over his entire patch several times and now believes that he has them eradicated. He has not the slightest idea where the bugs came from, as he has not seen them in this province before, nor, to his knowledge are any of the patches of his neighbors affected.

SUNDAY SCHOOL CONVENTION

The Wetaskiwin district convention of the Alberta Sunday School Association commenced its series of meetings on Wednesday afternoon at 2:30. The speakers on Wednesday were Miss Helen Palk of Winnipeg, who is a specialist in elementary work, and Rev. D. A. Gunn of Calgary, whose specialty is teacher training. At the afternoon session Rev. Gunn conducted an inspiring rally service for boys and girls and Miss Palk led a conference of General Elementary Work. Miss Palk strongly advocated a graded system of work in Sunday schools, similar to that of the public schools. The evening session was largely attended and splendid addresses were delivered by Rev. Gunn and Miss Palk. Mr. Gunn's topic was "The Training of the Teacher" and Miss Palk's subject was "The Place of the Story in Sunday Life." A large choir which had been prepared for the meeting by Miss Knight, led the service of song and Mrs. Montgomery sang a solo. Rev. A. T. Holman conducted the opening exercises and Mr. E. B. Outlier, the president of the convention, acted as chairman.

BASEBALL

On Monday, July 25th, the Wetaskiwin Intermediate baseball team journeyed to Leduc to play the Leduc Senators. The game was called at 7 p.m. and for nine innings it was a most exciting game, being featured by several star plays on both sides. The score was a tie—six all—and as the Leduc team plays the fastest ball in the northern district, this is a very creditable showing for our boys. Wetaskiwin held the game until the last of the ninth, when owing to darkness a slow ball was missed, which let the tying run in. The Wetaskiwin battery, French and London, played a star game, French fanning thirteen men, and felding his position without an error. Mr. Peterson advises that everyone in the district who is growing potatoes scrutinize his patch closely and that if any of the bugs should be found that no time and trouble be lost to clear them out. In this way he has hope that the district may rid itself of the pest. This is a matter that should be attended to at once and if an united effort is made no doubt we can rid ourselves of this pest, at least for a few seasons to come.

THE GREY BONNET CAMPING

Some of the members of the above club left Wetaskiwin on Friday evening to again brave the battle and the breeze in the camp at Bittern Lake and although the weather seemed to promise a heavy storm yet camp was made before the rain started and no one got wet. It rained slightly but nothing like the storm which apparently raged over Wetaskiwin and was all over in about 15 or 20 minutes. Although the wind continued to blow pretty hard it was not so bad. The party included Mr. and Mrs. Barnard, Miss O'Brien and Miss Macdonald and "Paddy" Franklin and A. H. Barnard. On Saturday evening a further contingent arrived including Mrs. and Miss Helen O'Brien and Mr. O'Brien. A very pleasant evening was spent and on Sunday everything was prepared and in readiness to welcome Messrs. McArthur, Barrett, Munley and Hoare, who after a good time drove back. The camp broke up on Monday and the Grey Bonnets again returned to the great city.

CITY OF WETASKIWIN DOG TAX

Notice is hereby given that all dog taxes must be paid by August 6th, 1910 and that all dogs must have tags securely attached to the collar, according to the provisions of the by-law. Any person neglecting or refusing to comply with the requirements of the by-law will be liable to a penalty of twenty-five dollars and to have the dog impounded. B. F. SHANZ, Chief of Police.
